Mr. L. K. White  
Deputy Director  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. White:

This is in further reply to your letter of March 11 requesting approval of the transfer of about 70 cubic feet of captured Japanese meteorological records to the Air Weather Service, United States Air Force.

As I informed you on April 16 the Weather Bureau felt strongly that the records should be transferred to that Bureau for deposit in the National Weather Records Center at Asheville, North Carolina. Air Force representatives have now told us that such an arrangement would be satisfactory to them.

In view of these circumstances, transfer of the Japanese meteorological records to the Weather Bureau for deposit in the National Weather Records Center at Asheville is approved.

Sincerely yours

Wayne C. Grever  
Archivist of the United States
